Information schedule for weekend traffic 2018/2019 Weekend traffic Christmas and New Year 2018/2019

To you who are customers at NTG Continent AB

Christmas and New Year begin to come closer and we want to inform all our partners about traffic, departures and arrivals so that you can plan your shipments for the Christmas and New Year weekend in time. We are on site every day of the week, ready to take care of your logistics and transport needs.

There are still major challenges in the market regarding capacity and lack of driver shortages. Therefore, I kindly ask you to understand that this affects our availability during Christmas and New Year's weeks, which are already tough weeks with high demand for transportation.

Here are the general dates for the last expiration date with arrival before Christmas regarding our international transports. We will prioritize you as a customer and do everything in our power to maintain the service we have agreed under normal circumstances.

We would like to emphasize that, if you need special arrangements or there is uncertainty about the below mentioned departures and arrivals, please contact your regular contact person to be informed about your deliveries to and from the continent.
